The following issues are currently under consultation and I would appreciate your comments:

**Mobile phones**

Mobile phones are very useful for student's safety coming to and leaving school. However they also cause many issues within the academy such as the use of social media during the day as outside of lesson times this cannot be monitored.

**Options: (Please tick the statement you agree with)**

- Students should be allowed to have phones switched on at all times
- Students should be allowed phones at school but switched off at all times during the school day
- Students should be able to use mobile phones at break times and lunchtimes only.
