

# Life Water - Drinking Water Bore - Wells

Our supply partner for water is Life Water. One of the main reasons we partnered with them is the impact they make on communities that don't have easy access to clean drinking water. 240,000 bottles of Life Water sold provides a whole community with clean drinking water, and with your help Chartwells can proudly say the 2<sup>nd</sup>, 3<sup>rd</sup> & 4<sup>th</sup> clean drinking water bore-wells in the Andhra Pradesh region of India are now complete!

## Purpose

The Sivalaymveedhi community of 1150 people, Bayammagaripalli community of 1100 and the Kuppam Harijanawada community of 1060 now have immediate access to safe, clean drinking water improving their prospects of a brighter future.

## Benefits

- Supports with your CSR strategy as Life Water products are being provided in your schools and academies.

**Thank you – without your help this wouldn't have been possible!**

# Grown in the UK

This map of the UK details where our fruit and vegetables are grown.

## Purpose

This is released on a monthly basis to show where our fresh fruit and vegetables are sourced. This reflects the changes in season and availability of produce from around the UK.

## Benefits

- Supports UK farmers
- Delivers educational information to pupils on where produce is grown
- Enables chefs/cooks to buy produce when in season and at its very best
