

## YOU SAID, WE DID

Thank you for your comments regarding the catering offer at Don Valley Academy.

Below is some of your feedback.

| YOU SAID   | WE DID  |
|--|---|
| Can we have KFC sandwiches back  | These did not meet the food standards, we will however look into an alternative product   |
| Can we have salads   | We did have them on but they didn't sell so we took them off. We will look at putting them on again   |
| Food isn't cooked, i.e. fish   | All food is cooked to the required temperature and recorded, we will check the service equipment and take regular temps when the food is on the counter |
| Students don't like "pot" foods  | We do have options for students who don't want a "pot" meal i.e. sandwiches, pizza, Panini, pasta.  |
| Why can students have pizza and pasta every day                                      | Students can have a balanced nutritious meal. The pasta and pizza do meet the school standards.   |
| More pizza toppings  | We will look at different toppings for pizza and swap them around weekly.   |
| We like the meals, they are amazing  | Thank you for your feedback it is nice to know you are enjoying the food.   |
| Staff can't get a meal deal if on duty and they don't want a main meal and a pudding | We will put together some staff meal deals to accommodate this.   |
| The catering staff don't have access to good ingredients                             | All our food is cooked fresh and the range of ingredients is very extensive. I will speak to the catering manager to see what else she needs.           |
